

Pirka Elementary School / Austria: Letter of March

Even in March we had plenty of snow and our kids played outside during the breaks.

They had a lot of fun.

Sport and health: A skiing – day on the „Hebalm“

On 14th of March the 2nd, the 3rd and 4th graders went by bus with their teachers on the Hebalm for skiing, snowboarding or sledging. The Hebalm is a centre of winter sport in the west of Styria.

Some of our pupils are very good skiers.

Pupils had also the opportunity to sledge.

The beginners learnt the snow plough.
